

Earth Day Sustainability Bingo

Practicing sustainability is important to meet our current needs without compromising our natural environment for future generations. There are many easy and practical ways to practice sustainability in your everyday life!

Challenge yourself to complete our Sustainability Bingo!

Choose a reusable straw

Ditch the plastic bags when buying fruits and vegetables

Swap clothing with friends or family

Unplug your phone charger when you're done using it

Ditch bottled water and use a reusable water bottle

Borrow a book from the library instead of buying one

Collect food waste and create compost for your garden

Turn off the water while brushing your teeth

Air dry clothing instead of using a dryer

Don't miss the St. Louis Earth Day Festival on April 23 and 24 in Forest Park!
